

**WORTHINGTON CITY COUNCIL
FACILITY TOUR, JUNE 29, 2010**

The meeting was called to order at 7 am at the City of Worthington Public Utilities and Public Works facility.

Mr. Jim Laffrenzen gave an introduction to the PW facility and outlined the space, current facility conditions and staffing considerations.

Mr. Scott Hain took over and gave a tour of the Water and Electric portions of the facility.

The additional storage area behind the liquor store was also visited where utilities and public works store equipment and supplies. Other storage areas were mentioned at the building along West Shore Drive by Olson Park and to the north of Oxford Rd. on Rowe Avenue.

At 7:32 Members concluded their tour of these facilities and moved on to the Parks Department along 1st Avenue Southwest.

Mr. Scott Rosenberg gave a tour of the facility and identified the challenges of his facility and the benefits of that location and building.

At 7:47 Council concluded their tour of the Parks Department and moved on to tour the fire station.

Fire Chief Von Holdt, Public Safety Director Mike Cumiskey and Captain Chris Dybevick were present to discuss the current size limitations of the facility.

At 8:13 Alderman Ten Haken made a motion to adjourn and Alderman Wood seconded the motion which prevailed unanimously.

Craig Clark
City Administrator
