Requirement for address numbers on buildings

The excerpt below was taken from the Worthington City Code of Ordinances

§§ 94.04 NUMBERING OF BUILDINGS.

(A) The current address of all homes and other buildings occupied for living purposes and business buildings shall be displayed on the exterior of the home or business facing the street adjacent to the home or business building in compliance with this section.

(B) Each number of the address attached to the home or business shall be three inches or greater in size. The numbers shall be of a color that contrasts to the color of the building to which it is attached. The numbers of the address shall be in arabic numbers only and roman numerals and numbers in writing shall be prohibited.

(C) All numbers attached to a home or business place shall display the address of the home or business place and shall be located in a position near the front door of the building so it may be seen from the street and read clearly at night with a spotlight or a porch light attached to the building.

(D) All persons violating any of the provisions of this section shall be guilty of a petty misdemeanor as defined by state law.

('69 Code, §§ 2.50) (Ord. 554, eff. 7-1-77)

The following excerpt is from the MN State Building Code Chapter 1309 International Residential Code

R321.1 Premises Identification. Approved numbers or addresses shall be provided for all new buildings in such a position as to be plainly visible and legible from the street or road fronting the property.
